Timeline

Community Engagement: Public engagement is ongoing through all phases of a project, from concept to construction, programming, and maintenance. Public engagement is two-way communication inclusive of all decision-makers and stakeholders. Each Blueprint project will have a customized Public Engagement Plan that is developed at the start of the project, and outreach activities and techniques will vary from project to project, as each project's outcome and stakeholder community character is unique.

Design: The design phase includes development of final plans and construction documents for the Northeast Corridor Connector. Stakeholder and community input will be taken into account for final design.

Right of Way Acquisition: This phase will consist of efforts to acquire any right of way and/or easements necessary to complete the project. Any right of way acquisitions necessitated will be undertaken consistent with [Blueprint Real Estate Policy](#) and Florida Statutes.

Construction: Construction work will fully implement the final design plans for the Northeast Corridor Connector. Sidewalk projects are expected to be constructed in 2023 ahead of the Bannerman Road improvements.
